XXX Casino is proud to present an exciting new online slot, 3 Lucky Hippos™, from PearFiction Studios!

Take a walk on the wild side of the savannah with PearFiction Studios' newest slot, 3 Lucky Hippos™, a feature-packed trip full of Cash, Multipliers, LockNWins™, and a trio of cheeky Hippos!

The game starts beside the watering hole that the hippos call home. However, these hippos aren't your everyday hippos; they are hungry for coins! Whenever a coin lands on the screen, a Hippo will eat that coin and grow bigger and bigger, fighting for space and attention with their neighbors. As they grow on a steady diet of coins, one or more will burst, triggering one, two, or three LockNWins™.

When orange Coins land on the screen, they will be eaten by the hippo, increasing a Multiplier. This Multiplier will continue to grow for each orange Coin collected. When the Purple Frog lands on the fifth reel, the Cash Collect Multiplier is awarded. This Multiplier significantly enhances the potential of the Cash Collect

feature, and the Purple Frog is hungry for Big Wins!

A new feature in 3 Lucky Hippos™ is the Split Symbol. Split Symbols land in the top row and increase the number of symbols shown on the reels. Each Split Symbol can add up to 3 additional symbols per reel, increasing the number of pay ways to a hefty 7776 ways!

The orange Hippo has an endless appetite for coins, but sometimes eating one more coin causes it to burst! When it has finally had enough coins, the Multiply LockNWin™ is triggered. In this feature, all Cash on the screen will be multiplied by the multiplier collected in the base game.

The yellow Hippo is as hungry as his friends, and when eating a yellow coin causes it to burst, the Jackpot LockNWin™ starts. In addition to all the Cash on the screen, there are Jackpot coins that are collected. When enough Jackpot coins are collected in the feature, one of 5 jackpots will be awarded for a win of up to 5000x.

MARKETING CONTENT

When enough Jackpot coins are collected in the feature, one of 5 jackpots will be awarded for a win of up to 5000x.

When the pink Hippo has had its fill of coins, the Supreme LockNWin™ is triggered. In this feature, orange and purple Cash symbols are added to the mix. When an orange Cash lands, it collects all green Cash, and when a purple Cash lands, it collects all orange and green Cash for some plus-sized wins!

Any of the three LockNWin™ features can be triggered at the same time, and the combined LockNWin™ will include all the features from each game. In any LockNWin™, additional Cash symbols that land on the reels will reset the re-spins to three, and additional space can be added to the reels for more chances to win.

No trip to the river would be complete without collecting beautiful Lotus flowers, and the river these hippos live on has a magical Lotus that is definitely worth collecting. The Lotus symbol lands in the top row and is collected to a floating Lotus flower beneath the reels. When 5 Lotus symbols are collected and the 5 Lotus flowers open, all three LockNWins™ will be triggered, so collecting these magical flowers has its rewards!

Take a trip to the sunny savannah with PearFiction Studios' latest game, 3 Lucky Hippos™, and enjoy everything these cheeky Hippos have to show in this fun, feature-filled, bright, and unique game!
