

### MULTIPLY, JACKPOT AND SUPREME LOCKNWIN™

Players are chasing orange, yellow, and pink coins that are collected and eaten by three hippos. They fight for space as they get closer to triggering their own unique LockNWin™ bonus game.

Each LockNWin™ bonus game can be triggered individually or in tandem with one another. Combined that's up to 7 kinds of LockNWin™ bonus game!

### CASH COLLECT

In the base game, Cash symbols land on reels 1-4 and the Collect symbol lands on reel 5. When an orange Hippo coin lands, the multiplier increases by 1x. The multiplier is applied to all Cash symbols when they are collected.
