### SUGGESTED OPERATOR PRESS RELEASE

XXX Casino is proud to present an exciting new online slot, *Granny vs Zombies*, from PearFiction Studios! Experience the zombie apocalypse with PearFiction Studios' newest slot, *Granny vs Zombies*, a feature-packed apocalypse venture full of Jackpots, Multipliers, and LockNWin® features. This game will have you cackling all the way to the bank.

The action starts in front of Granny's dilapidated house where zombies have overrun the city. As granny ventures out she will appear on the reels and attack the zombies with Molotov Cocktails! When a zombie is hit, additional wilds are added to the board. The zombies will also appear on the reels as stacked walking wilds which will stay in play until they reach reel 1.

As Granny is fighting her way through the zombies, one of four features may be triggered. During the LockNWin® coin symbols lock in place, triggering a respin of the reels and giving players three chances to land additional coin symbols. Landing one of 3 special coins will also increase the chance for a

larger payout. Every additional coin symbol that lands on the reels will reset the re-spins to three.

After coins land, they are collected to the progress meter. When the progress meter is filled, the Jackpot Wheel game starts. The three level Jackpot Wheel contains all five Jackpot prizes and when the wheel lands on the arrow segment, the next level of the Jackpot Wheel will be unlocked. Spin the wheel and move to the next level and win bigger prizes!

When the Free Spins are triggered the final stage of the zombie apocalypse begins. Choose 1 of 4 Weapons in the Free Spins that Granny will use to attack the zombies. When Granny hits a zombie, the Multiplier will increase for bigger winning potential. Additional spins are awarded the more times Granny hits the zombie. If Granny defeats the Disco Zombie, the Jackpot LockNWin® game starts.

Will Granny survive the hordes of zombies and come away with Big Wins? Play now to find out!
